

# Nicholas Hall's Hot Topics Webinar: *Probiotics*

*Wednesday  
2 December*

---

*13:00 GMT*

## OUR SPEAKERS

## AGENDA

### **Nicholas Hall**

**Chairman & Creative Solutions Director  
Nicholas Hall Group of Companies**

This session will focus on the **commercial and scientific** aspects of the probiotics category; plus a look at the latest **sales data, key brands** and the **prospects** to look out for.

### **Jennifer Cooper**

**Chief Scientific Officer  
LPS Health Science Discovery**

Jennifer will share amazing new insights from the latest science and will describe four ways ground-breaking science is creating new avenues for the probiotics and digestive health market, including:

- next generation probiotics
- the other symbiotic biomes
- indications beyond gut health
- innovation beyond probiotics, such as prebiotics, postbiotics, synbiotics

**Followed by a live Q&A**
