Chart 38: South Africa leading marketers & brands 2018

2nd tier

Chart 39: 2nd tier markets 2018

The new 3rd tier

Chart 40: New 3rd tier markets 2018

Bangladesh moving onto the radar?

How to succeed in the Emerging Markets

Healthcare Trends (14 pages)

Upturn in some illnesses and conditions

Allergy and allergy-associated asthma

What will the future bring in terms of allergy self-care?

Air pollution

Obesity & diabetes

Japan: The Metabo Law

Autism spectrum disorders

Chart 41: USA ASD prevalence 2000-14 (per 1,000 children)

Vaccination

Attention Deficit / Hyperactivity Disorder

Medical provision

Chart 42: Healthcare expenditure as % of GDP in specific regions 2016

Chart 43: Expenditure on pharmaceuticals per capita in OECD markets 2015

How governments aim to reduce the healthcare "burden"

France

USA

Big Pharma: Does it have a future in Consumer Healthcare?

Chart 44: Global leading pharma players 2018

Why are pharma players exiting consumer healthcare?

Over the Horizon

Engaging with the Consumer (31 pages)

Demographics

Population growth

Chart 45: UN estimates for world population by continent 2000 vs 2050

Chart 46: UN population forecasts

Urbanisation

Deadly air pollution

Chart 47: Notable allergy switches in USA

Strepsils / Strefen – carving a niche as severe sore throat specialist

Chart 48: Strepsils / Strefen sales 2014-18

Immigration and globalisation

How the USA is poised to change

Chart 49: Leading Mexican brands available in USA 2018

With less time, convenience is key for consumers

Convenience and consumer demands

A rapidly growing middle class

Chart 50: Consumer expenditure, disposable income and OTC sales per capital in key Asian markets

The Ageing Consumers

Chart 51: Number and proportion of people aged 60+ worldwide in 2012, 2030 and 2050

Chart 52: Life expectancies (born in 2019)

Chart 53: Centrum Silver leading markets 2018

Women vs Men

Chart 54: Life expectancy at birth by gender mid-2018

Is there a gender gap?

Defining the women's CHC market

The global picture: Women's OTC market value 2019 = \$81bn

Chart 55: Women's OTC market value

Unmet needs: opportunities for successful switch

Oxytrol for Women

Why did Oxytrol for Women fail?

Building female franchises

Canesten: Tight focus on women's health in UK

New directions for Vagisil

Eve - dynamic ibuprofen brand with simple selling point

Chart 56: Eve sales 2014-18

What about women's heart health?

"FemTech" potential

Over the Horizon

What about Men?

Defining the men's CHC market

The global picture: Men's OTC market value 2018 = \$52bn

Chart 57: Men's OTC market value

Unmet needs: opportunities for successful switch and geographic expansion

Flomax Relief

Rigorous process demanded by regulator

What went wrong for Flomax Relief?

Upturn in male grooming products – reflected by medicated derma?

Neutrogena – intelligent expansion via light masks and devices

Chart 58: Neutrogena sales 2014-18

Prevention & Lifestyle

Unhealthy lifestyles

Chart 59: Proportion of population overweight by country

Chart 60: Proportion of population aged 15+ who smoke by region

How to Innovate (at last!) (21 pages)

Why CHC isn't innovating

How do the high-star groups split across categories?

Which new entries are the game-changers?

Innovation zones: delivery, devices, diagnostics

Innovation zones: new delivery systems

Inhalers – is it all just hot air?

Pods: not just for coffee!

Topical delivery formats

Face mapping diagnostics (and treatments): Will cosmetic solutions show the way for other derma uses

What about wearables?

Innovation zones: medical devices for treatment, relief or prevention

Pain relief devices

What about smaller segments?

Innovation zones: diagnostics & monitoring

Monitors for blood pressure and other cardiovascular markers

Thorne Research – premium VMS line moving into personalised nutrition

Next-generation devices: on-skin devices and implants

Over the Horizon

Regulation (7 pages)

We're a long way from a global OTC market in terms of regulation!

The overall trend to deregulation and reregulation

Tighter regulation: aiming for improved safety

Addictive, dangerous and potentially fatal misuse

Children's medicines – going, going, gone, honey?

Supplements – regulated or not?

EFSA – is it really Dr No?

Melatonin: Rx, OTC or supplement?

Medical devices – EU shows way to better regulation

New rules and classification for ingestible devices, saline sprays, etc.

Better transparency of information for consumers

Benefits and advantages for OTC devices

Rx-to-OTC Switch (16 pages)

Nicholas Hall Writes a list of KPIs for Switch

Chart 61: Top 25 OTC brands 2018

Why switch?

Switch models

Complete Switch: all indications and doses move to OTC

Dual Status: a medicine is both Rx and OTC

Collaborative care / Advisory OTCs

US vs ROW: Can switch be profitable only in USA?

Chart 62: USA Rx-to-OTC Switch Pioneers

Why is switch successful in the USA?

EU's Centralised Procedure

Switches approved under EU's centralised procedure

Mutual Recognition – a better alternative?

Recent switches: what went right / what went wrong?
Voltaren – leading topical analgesic thanks to strong identity and NPD
Chart 63: Voltaren sales 2014-18
Chart 64: Voltaren sales 1985-2018
What's coming down the pipeline?

Cannabis (13 pages)

Chart 65: Global cannabis consumer market
5 Cannabis categories
Chart 66: CBD and OTC medical cannabis sales
Chart 67: CBD supplements, topicals & vaping products sales forecasts by region 2023
So, what is the difference between medical and recreational cannabis?
What is medical cannabis used for?
Regulatory
Canadian Government invests in cannabis research
